

**Clinical and Metabolic
Aspects of Lactic Acidosis**

R.D. Cohen and H.F. Woods. 1976.
288 pages, 37 illustrations. £10.50

**The Biochemistry of Steroid
Hormones**

Edited by H.L.J. Makin. 1975.
310 pages, 194 illustrations.
£16.50

**Biochemistry and Neurological
Disease**

Edited by A.N. Davison. 1976.
376 pages, 66 illustrations.
£15.00

**Biochemistry of Women:
Clinical Concepts**

A.S. Curry and J.V. Hewitt. 1975.
188 pages, 52 illustrations. CRC
Press, £25.90

**Handbook of Biochemistry
and Molecular Biology**

Edited by G.D. Fasman. Third
Edition, 1976. This major
reference has been completely
revised and is being published by
the CRC Press as an open-ended
series in four parts: Proteins;
Nucleic Acids; Lipids, Carbo-
hydrates, Steroids; Physical and
Chemical Data, Miscellaneous.
The first two volumes, of about
600 pages each, have just been
published at £36.50

**Biochemistry of Women:
Methods of Clinical
Investigation**

A.S. Curry and J.V. Hewitt. 1975.
366 pages, 83 illustrations. CRC
Press, £32.90
